

Employee Benefits Policy

Sample document for the Company Policy RAG Assistant project.

Eligibility

Full-time employees become eligible for the standard company benefits program after completing 90 days of employment, subject to the terms of the applicable benefit plans.

Health Benefits

The benefits program may include coverage for prescription drugs, paramedical services, vision care, and other eligible health expenses.

Dental Benefits

Eligible employees may receive coverage for qualifying dental services according to the benefit plan.

Enrollment

Employees must complete the required enrollment information within the period communicated by Human Resources.

Changes

Employees should notify Human Resources when personal information or eligible dependent information changes.

Plan Limits

Coverage is subject to the terms, limits, exclusions, and eligibility requirements of the applicable benefit plans.
